

# Pack-Master Air Compactor

offered by **S&G Enterprises, Inc**

- Reduce your disposal and storage costs.
- Simply place a drum of material on the base, lift arm and compact it by operating the joy stick on the arm.
- Two-handed safety lever keeps the operator out of harms way.
- Add optional wheel kit to easily move the PackMaster from department to department.
- Compaction cycle is just 30 seconds with 100 psi air supply.
- Spark resistant model also available. Ask for part # 10001453.
- 18 month limited warranty

## SPECIFICATIONS

## PackMaster Air

Part #10001259

<b>DIMENSIONS:</b>	76"h x 36"w x 27"d	Required Operating Clearance: 80"h x 38"w x 48"d
<b>SHIPPING:</b>	220 lbs on pallet via common carrier (F.O.B. Aurora Colorado 80011)	
<b>DRUM CLEARANCE:</b>	Height: 39"	Width: 25.75"
<b>PRESSURE PLATE:</b>	55 gallon: 20" diameter (standard)	30 gallon: 17" diameter (optional)
<b>AIR CYLINDER:</b>	Commercial grade, 6" diameter x 24" stroke length with oversized 1.75" piston rod	
<b>AIR REQUIREMENTS:</b>	Standard shop air (8 cfm @ 100 psi) Maximum 150 psi	
<b>COMPACTION FORCE:</b>	2600 lbs of force @ 100 psi	3900 lbs of force @ 150 psi
<b>CONSTRUCTION:</b>	All welded structural steel and industrial grade components.	
<b>SAFE:</b>	Two-handed safety lever operation keeps hands and face away from barrel. When air is disconnected, pressure plate cannot fall.	
<b>EASY TO USE:</b>	Place drum of material on the base, lift safety lever, compact or retract with joystick control. Drop safety lever to secure pressure plate after retraction.	
<b>WARRANTY:</b>	Covered by Newstripe's 18 month limited warranty.	
<b>ACCESSORIES:</b>	Listed on reverse side.	
<b>CAUTION:</b>	Unit is not designed for crushing of glass containers or items that may shatter or contain volatile vapors.

# AVAILABLE OPTIONS

**Split Barrel** - When used with drum liners, compacted material and liner are easily removed from front instead of lifting from top of drum.

**Part # 10001397**

**Drum Liners** - 8 mil thickness 53" high. Makes easy removal of compacted material from the Split Barrel, 5 per package.

**Part # 10001376**

**Sorbent Basket** - Open design 21" diameter x 12" deep basket hangs inside any open top 55 gallon drum. Just add adsorbents, squeeze with Pack-Master, and wring out waste fluids quickly and safely.

**Part # 10001463**

**Wheel Kit** - Dual wheels mount to Pack-Master base plate for mobility. (Wheel kit can not be used with Roll-Out Base)

**Part # 10001260**

**Roll-Out Base** - Sliding base moves drums from underneath the pressure plate to allow easy loading of waste and unloading drums. (Roll-Out base can not be used with Wheel Kit)

**Part # 10001857**
